## What are cookies?

Cookies and similar technologies are very small text documents or pieces of code that often contain a unique identification code. When you visit a website or use a mobile application, a computer asks your computer or mobile device for permission to save this file on your computer or mobile device and gain access to information. Information collected through cookies and similar technologies may include the date and time of the visit and how you use a particular website or mobile application.

## Why do we use cookies

Cookies make sure that during your visit you remain logged in and the website keeps running smoothly. The cookies also ensure that we can see how our website is used and how we can improve it.

## What type of cookies do we use?

We use functional cookies that are necessary for the website to function properly. Some of the following actions can be performed by using these cookies:

- You can save your cookie preferences for this website
- Allow you to log into our portal (the expert roster area).
- Protect our contact forms from spam submissions.

## How can I switch off or remove cookies?

In the settings of the browser, you can change the settings to ensure that cookies will be blocked. Most browsers provide you with an explanation on how to do this in the so-called 'help-function'. However, if you block the cookies, it is possible that you will not be able to enjoy all the technical features our website has to offer and it may negatively affect your user experience.
