

European Union Global Diaspora Facility

WHAT

The EU Global Diaspora Facility (EUDiF) is the first EU-funded project to take a global approach to consolidate efforts on diaspora engagement for development.

Through a multi-stakeholder and participatory approach, EUDiF supports diaspora and government actors to engage, collaborate and partner more effectively with each other, fostering an informed, inclusive and impactful diaspora-development ecosystem.

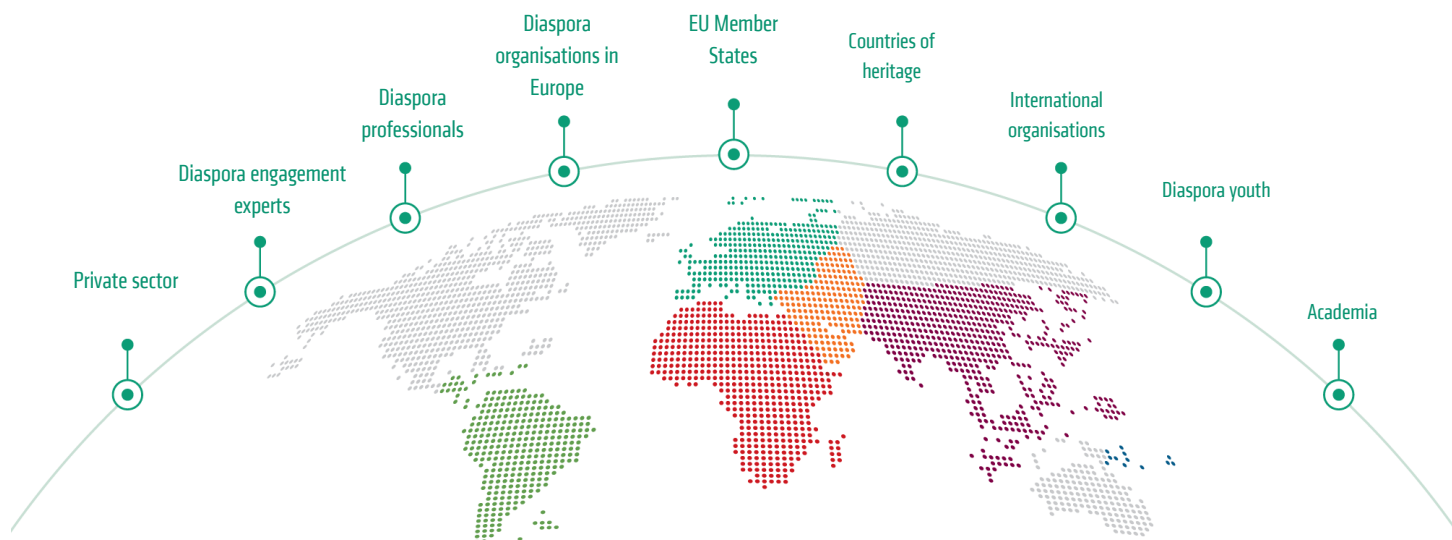

WHY

Diaspora are powerful agents of development thanks to their unique transnational understanding and mobility. EUDiF has been created by the European Union in response to calls from the diaspora for a coordinated, formalised way to contribute to the development dialogue at European level. There is also a growing interest in both Europe and countries of heritage to enhance diaspora development cooperation. Through EUDiF we work to consolidate ongoing efforts and maximise the potential of diaspora for development.

WHO & WHERE

The diaspora-development ecosystem is a complex, dynamic and fascinating space with new players entering at a rapid pace. EUDiF strives to bring together old and new across its six partner regions.

DIASPORA
EXPERTISE

diaspora (n.)

di·as·po·ra | daɪəspərə

There are many definitions of 'diaspora'; for EUDiF it refers to emigrants and descendants of emigrants who actively maintain links with their country of heritage and are willing to contribute to its development.
