Terminology: The Moldovan national legal framework operates with the term diaspora. National Diaspora Strategy 2015-2025

After consultations with communities of Moldovans abroad, the National Diaspora Strategy 2015-2025⁶ was adopted⁷ (Government Decision No. 200 of 26.02.2016). Subsequently, an Action Plan⁸ to support its implementation was developed. The Action Plan includes four objectives:

- to draft and develop the strategic and operational framework for the area of diaspora, migration and development. This concept originates from Moldova and has been promoted by country globally;
- to ensure diaspora rights and to build trust;
- to mobilise, harness, and recognise diaspora human capital;
- to engage diaspora directly and indirectly in the sustainable economic development of Moldova.

Policy and legislative framework

- 2019** ● **The Government Activity Program⁹** aims to deepen communication with representatives of the diaspora and find additional ways to assist Moldovans abroad. The government will endeavour to conclude labour migration agreements to better regulate migrant workers' rights.
- 2021** ● **The Government Activity Programme¹⁰** 'Moldova of Good times' recognises the active role of diaspora and aims at better harnessing of diaspora human capital. It sets new objectives of engaging diaspora professionals for knowledge transfer in the country and improving of digital consular services for diaspora members. Based on this programme, the BRD launched the communication platform 'E Moldova ta' (it is your Moldova) as an informational hub with its diaspora, including a special section, which generates an online form for diaspora members, called 'Provide your expertise'.

» Trends

The National Diaspora Strategy and the Action Plan have contributed to the development of a collaboration between the Government, local public authorities, civil society in Moldova, and the diaspora. They strengthen and expand the transversal approach to policies on diaspora, migration and development, as well as involve and cooperate with the diaspora in the development of Moldova. In practice, many initiatives exist which seek to utilise diaspora social and economic potential in conjunction with programmes promoting national identity, traditions and cultural heritage.

Additionally, reintegration is a high government priority.¹¹ Moldova has launched a (re) integration guide which aims to develop reintegration programmes and services for returned Moldovan citizens, including information and assistance on how to find a suitable job; how to build knowledge and skills; and how to start and manage a business in Moldova.

Achievements

Moldova's annual Diaspora Days have been running since 2004.¹² The events include activities such as thematic seminars and consultations with the diaspora, business forums, craft exhibitions, cultural and gastronomic events.

Political engagement of the Moldovan diaspora has grown over years and in 2019, the government created and elected individual representatives for 14 electoral constituencies for the diaspora for the national parliamentary election.

Obstacles

- **Digitalisation:** There is a lack of electronic products to facilitate diaspora access to qualitative online services created by national authorities. In addition, there are still some Moldovans that are out of reach for e-services provided by Moldova's government and/or have no interests in such communication channels or e-services.
- **Political representation:** In 2017, Moldova adopted fundamental changes to the Electoral Code¹³. Due to the high number of Moldovan citizens residing abroad, the criteria for the establishment of single-member constituencies is a significant issue and has a strong political impact on voters residing in different countries willing to support different political parties. Previously to the 2019 elections, the OSCE and PACE expressed concern at the lack of transparency of the criteria to determine the number of polling stations abroad and pointed out that the new electoral system was contrary to prior recommendations¹⁴.

SPOTLIGHT: effective and innovative practices

Diaspora engagement Hub¹⁵

The Hub is a governmental programme created in 2016 for Moldovan citizens who have been resident abroad for at least two years and are highly qualified experts who wish to cooperate with representatives of governmental institutions on five priority areas: social, economic, environment/ecology/rural development, justice, civil society. The Diaspora Engagement Hub included subprogrammes:

- **Diaspora Professional Return:** grants offered to diaspora professional and highly skilled migrants, encouraging the transfer of human capital and professional experience oriented towards the academic, social and economic development of Moldova, via short-term professional returns.
- **Diaspora Innovative Projects:** grants offered to diaspora representatives for the implementation of their innovative projects and activities in Moldova, based on the transfer of knowledge, experience and international best practices.
- **Thematic Regional Partnerships:** grants offered to diaspora associations for their collaboration and implementation of actions on local socio-economic development, education and health care.

The DAR programme aims to utilise the human and financial potential of the diaspora in the socio-economic development of Moldova. The DAR programme is based on the 1 + 3 principle of the partnership: diaspora + government and/or local authorities + development partners and donors. The project focuses on infrastructure; protection of the environment; economy; optimisation of energy; culture; and social protection.

Pare 1+1 - National Program on Attracting Remittances into the Economy¹⁹

REMITTANCES

PARE was launched in 2010 and it is designed to attract remittances into the economy through the mobilisation of migrants' savings, stimulating SME development, and supporting job creation especially at the local level. Every Leu invested from remittances was matched with a Leu from PARE. It supported and co-financed about 1623 business initiatives.

Based on the successful evaluation of the programme, in 2022, the Government approved an expanded version, the 1+2 formula, providing a tailored financial support for the growth of businesses created by migrants.²⁰
