

# Diaspora engagement mapping ESWATINI

## Facts & figures

Terminology: Eswatini refers to its diaspora as '*liSwati* (s.) / *emaSwati* (pl.), a Swazi term for Eswatini citizens abroad/ in the diaspora, although the term diaspora is also used in some contexts.

## Eswatini does not have a diaspora engagement policy.

1 Dual citizenship is recognised for citizens of birth only; voluntarily accepting citizenship of another state means automatically losing Eswatini citizenship. The 2006 Constitution of the Kingdom of Swaziland Act defines Eswatini citizenship as being born to an Eswatini parent, whether they are born in the country or abroad. <u>Full text</u>.

2 Eswatini citizens abroad are permitted to register to vote in the country, although voting form abroad is not enabled. See Voters' registration act 2013, available at: http://www.elections.org.sz/online/wp-content/uploads/2018/06/VOTERS-REGISTRATION-ACT.pdf

#### Overview of the policy and legislative framework

**National Development Plan (NDP)**<sup>3</sup> **2019/20 – 2021/22 - Towards Economic Recovery:** While Eswatini currently has no migration policy and its extant Immigration Act (1964) predates independence, its most recent National Development Plan (2019-2022) includes a target to develop a Migration Policy Framework by 2022. The NDP also aims to leverage its relationship with South Africa and work to increase the cross-border mobility of labour and capital.

**Government Strategic Roadmap 2019-2022** establishes a policy framework that will ensure sustainable economic development, financial stability & growth, improve the quality of life of emaSwati. While the policy does not refer to the diaspora, at its launch the Prime Minister noted that achieving it would require contributions from all citizens, including in the diaspora.<sup>4</sup>

#### Trends and Achievements

Diaspora engagement is limited in Eswatini. The vast majority of Eswatini citizens abroad reside in South Africa or the UK, and while workers' remittances make an important contribution to extended family incomes - especially for seasonal workers - they are modest in terms of GDP,<sup>5</sup> which has arguably lessened the importance of diaspora engagement (although there is limited reliable data on remittance flows).

The government does not grant dual citizenship to its diaspora, but in practical terms almost all Eswatini diaspora who are citizens of the principal countries of residence have visa-free access to the country, so this is less of a barrier than it might first appear.

There are estimated to be more speakers of siSwati (one of the traditional languages of the people of Eswatini) in South Africa and other countries of residence than there are in Eswatini itself.<sup>6</sup> There are also British-Swazi diaspora, mostly based in South Africa and the UK, whose families lived in Eswatini during the colonial period, many of whom retain connections with the country.

The Eswatini diaspora (in the legal and also wider sense) is quite polarised politically, and some Eswatini diaspora outside the country have conducted advocacy and media campaigns against alleged human rights abuses in the country.<sup>7</sup>

3 A National Development Plan 2023-2027 is currently being developed by the Government of Eswatini. The document spells out Government's plans to achieve economic recovery and sustainable livelihoods for all Emaswati in the next five years. https://eswatini.un.org/ en/192312-minister-economic-planning-development-dr-tambo-gina-hosts-development-partners-seeks 4 http://www.gov.sz/index.php/latest-news/2245-roadmap2019

## Obstacles

- Brain drain: Emigrants of Eswatini tend to not come back to their country of origin.<sup>8</sup> This results in major brain drain and hinders the country's development. According to the African Development Bank in 2010, 56% of Eswatini emigrants were skilled, while only 4% of the country's residents are skilled.<sup>9</sup>
- Lack of communication: Diaspora who are willing to support the development of Eswatini in different humanitarian or philanthropic activities do not have enough information on when, where, or how to do so.<sup>10</sup>
- **Fears of diaspora return:** There are also some fears and resentments from the local population about diaspora return, especially during the current coronavirus pandemic.<sup>11</sup>
- Lack of capacity: Eswatini lacks adequate structures and capacity to drive forward a diaspora engagement agenda.
- Lack of policy focus: Eswatini has no policy frameworks for diaspora engagement, or migration more broadly. Its investment policies do not distinguish diaspora from other foreign investors, and they are not allowed to purchase land in the country except under certain circumstances.<sup>12</sup>

## **SPOTLIGHT:** effective practices

#### Emergency diaspora repatriation

The Kingdom of Eswatini provides emergency repatriation to Eswatini in the diaspora who require assistance. During the recent coronavirus pandemic, the government has helped its citizens caught abroad by travel restrictions to return home.<sup>13</sup> The King has even deployed his own private jet to bring Eswatini citizens back to the country.<sup>14</sup>

## Diaspora Engagement Project 2021

The Eswatini government and the UN International Organisation for Migration (IOM) are partnering on a diaspora initiative which aims to involve diaspora in nation building. The project will conduct a comprehensive mapping exercise that will also identify areas of interest for the diaspora and guide the development of future strategies to increase their participation in the social and economic development of the kingdom. One of the key outcomes in this project is to see the Ministry of Foreign Affairs and International Cooperation establish a diaspora unit.
