

Strengthening Senegal's institutional capacity in diaspora skills profiling

Overview

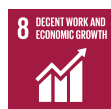

Main partner

The Direction des Sénégalais de l'Extérieur (DSE) is the technical arm of the Secretary of State for Senegalese Abroad and the Ministry for African Integration and Foreign Affairs. It is responsible to deal with the economic and social concerns of Senegalese abroad by providing consular assistance through embassies and consulates, promoting diaspora investment, and coordinating the economic and social reintegration of returning migrants.

Duration

18 months

Sustainable Development Goals

Project design

Context & needs

Senegal is a regional pioneer in diaspora engagement and is expanding its efforts and innovation in this field. With the recent decision to position the Direction des Sénégalais de l'Extérieur (DSE) as the coordinating body of institutions active in diaspora engagement, DSE seeks to improve its knowledge of the diaspora to meet Vision 2050 objectives. This project aims to support the DSE and its partners in strengthening their capacity to profile diaspora skills for policymaking and programming while promoting efficient, inclusive, and transparent data governance and interinstitutional coordination.

General objective

To enhance the DSE's knowledge of its diaspora skills profile and build institutional knowledge to coordinate, analyse and manage diaspora data through an accompanied pilot profiling and training.

Specific objectives

- To enhance DSE's institutional capacities in diaspora skills profiling and analysis.
- To enhance institutional coordination on diaspora data.

Target groups

- Primary: Staff of DSE and associated institutions, including embassy staff
- Secondary: Senegalese diaspora in Europe

Programme of activities
